ABOUT US

Brigade Industrial Services is an emerging entrepreneurship in the field of Industrial Support services backed by more than 08 years of experienced management and key personnel. To service our customers with true precision and offer appropriate services to combat all areas of concern is our main focus.

We don't deny that equipment rental is our area of expertise. Nevertheless, we realize that our clients require additional services and therefore we have created a complete Industrial Support Services which today houses a variety of different services from civil infrastructure to scaffolding and supply of building materials to fabrication materials, from manpower supply and maintenance works. In addition we have created a solid network of alliances and strategic partners that enable us to accommodate all your needs. This model makes it possible for us to pass on incredible savings that you would otherwise not obtain. Our lists of product & service offerings are growing at an astonishing rate, to keep up with your needs.

At Brigade, we believe in fair & equal opportunity for all. Our objective is to create a safe & suitable working atmosphere offering equal opportunity to everyone.

VISION & MISSION

Our vision is to be recognized as the best provider of industrial support services. We will achieve this by relying on the safest, most accurate, and most time and cost effective hi-tech techniques. We are committed to serve and support the industrial sectors by providing the widest ranges of services.
